28th August 2019

DATES TO REMEMBER

Friday 30th August	House Athletic Sports, 10am start
Friday 30th August	Father's Day Stall 9am
Monday 9th—13th September	Meals on Wheels
Thursday 12th September	P/1/2 and Kinder excursion
Friday 13th September	Working Bee, 3.30pm
Friday 20th September	Last day term 3, 2.30pm finish

Footy Tipping

It is hard to believe that the home and away season of football is over for another year. We had footy tipping at school and the theory that those who know nothing or very little about football usually win and this year proved no exception. The results for our footy tipping were:

Winner - Teeha, Equal 2nd - Zarnie and Miss Blake, Equal 3rd - Bailey and Benson and last Ollie.

The children will now have to pick who they think will win the Grand Final; Essendon is a popular choice!!!

Good Luck to all the teams who made it into their local football Finals.

Athletic Sports

The Athletic sports will start at 10.00am this Friday after the Father's Day stall. When the sports are finished parents are welcome to take their children home, those who remain will leave school at the regular time.

Natimuk Primary School is a RESPECTFUL RELATIONSHIPS Partner School

Term 3. Focus for 2 weeks: Positive Self Talk and Problem Solving

Roads and Roundabouts.

This strategy can be used to decide on the better option or decision.

Natimuk Primary School is committed to being a Child Safe school

Miss Blake

Another busy week in the P/1/2 room. This week we have had Bella Panozzo helping in the classroom and in the other class as well. Bella is here on work experience.

We have been focusing on the 'ng' sound in words. It was a challenge to think of words that had this sound in them. We eventually filled the board up, using some rhyming words to help us. Students have been learning to write descriptions. So far they have written one about Miss Blake and a classmate. They have been very interesting to read!

In Maths we have introduced a few new activities to help with number recognition. Students are steadily working their way through set work, with an upcoming unit on time happening in 2 weeks. The older students have been using times tables to help them complete sums.

In Wellbeing, the older students made a daily meal plan using the Australian guide to Healthy Eating. It was a challenge for them to make good food choices. We also discussed how social media can influence our food choices. The P/1/2 student looked at Sadness. They watched a clip from the movie Inside Out and read a book about sadness. They then had to identify what sadness looked like and what things made us sad.

Students are all ready for the Athletics House Sports on Friday, we have been practising up a storm at school!

Mrs Clarkson

We have had great discussion about Anh Do's book *The Little Refugee*. The boys have used the text exceptionally well to create great responses to the questions. The boys are also working on a speech for their 3 minute talk. They need to research a bit more to add to what they currently know about their topic.

In Maths we are multiplying and dividing by 10. This is quite straight forward when dealing with whole numbers but a little more involved when dealing with decimals. The children have to remember whether to move the decimal point to the right or left!! They also have to remember that it can be used in any number of problem solving questions - percentages, GST, and general equations.

Science

P- 2 Physical Science - Light and Sound are produced by a range of sources and can be sensed. We evaluated our unit by remembering what makes sound and what produces light. In some cases the item we looked at could do both depending whether it was on or off.

3 - 6 Physical Science - Light from a source forms shadows and can be absorbed, reflected and refracted. We continued to do experiments around light and how light travels. This week we started with our predictions on what light would look like as it passes through a clear plastic cup and a clear plastic cup with water in it. We need to wait till next week to conduct the experiments and see?

Horsham Rural City
Council urban rural balance

Horsham Smalltalk Supported Playgroup Natimuk Primary School

**Wednesday
(school terms)
10am—11:30am**

**Free to attend
Includes morning tea**

**A space to play with your children
and share with other parents.**

For more information please contact HRCC
